Subject: West Lake Update

Hello:

EPA Region 7 has created the West Lake Update in an effort to inform the community about the progress of environmental activities taking place at the West Lake Landfill Superfund Site in Bridgeton, Mo.

The information about the West Lake Update is also being shared with other elected officials, the Community Advisory Group, Missouri Coalition for the Environment and other stakeholders.

<http://www.scribd.com/doc/214293564/West-Lake-Update-March-24-2014>

We plan to provide routine updates which can be found at the links below. I will email you each time we have a new update.
